# SOFT DRINK BALADIN

## COLA BALADIN (25 cl)

Is the result of an idea shared by Slow Food and Baladin, which is committed to only buying the kola of the Kenema Slow Food Foundation for biodiversity projects in Sierra Leone by assigning them a percentage of its sales. This is a tangible help for many producers' communities who live in one of the poorest countries in the world. Kola nut is an indigenous fruit of tropical forests and can be found in Western Africa, especially in Sierra Leone, in the Kenema region. A natural recipe, full of great ingredients: the citrus aromas come from oranges from Gargano, lemons from the Amalfi Coast citrus myrtifolia (chinotto) from Savona. The very complex spicy notes come mainly from Kenema kola nuts, as well as cinnamon, coriander, cardamom, nutmeg and other secret spices.... water, white cane and sugar.

- THE FIRST NATURAL COLA
- 100% FAIR TRADE
- WITH NO ARTIFICIAL COLORING AND NO PRESERVATIVES

Part of the revenues from the sales of Cola Baladin will be donated to the Slow Food Foundation for Biodiversity to support the project in Sierra Leone

## WHAT IS THE COLOR OF COLA? HERE IT IS!

Kola nuts

# SOFT DRINK BALADIN

## CEDRATA (25 cl)

A journey searching for the taste of times gone by. A taste that our memory has registered but has been hiding for a very long time. This is Cedrata Baladin. Just water, natural brown sugar, lemon juice, carbonation and the infusion of Calabria citrons from Diamante, which give it all its aroma and flavor. Cedrata Baladin is produced with simple and selected ingredients and contains no artificial coloring or preservatives.

- WITH NO ARTIFICIAL COLORING AND NO PRESERVATIVES

## GINGER (25 cl)

Ginger Baladin belongs to the new line of alcohol-free drinks with no artificial coloring or preservatives launched by Baladin on the Italian and international markets in 2010. Its ingredients are simply water, natural brown sugar, lemon juice, carbonation and the unmistakable infusion of herbs, zests of bitter and sweet oranges from Gargano PGI, spices and vanilla which give the drink its distinctive aroma and flavor.

- WITH NO ARTIFICIAL COLORING AND NO PRESERVATIVES

## SPUMA NERA (25 cl)

Spuma Nera, or "dark Spuma" as it was once called, may be considered the "mother" of chinotto. We have chosen to go back to the traditional recipe: citrus myrtifolia, the red part of rhubarb roots, vanilla and an orange zest infusion. Of course, no artificial coloring or preservatives are added.
