

DOMAINE FAMILIAL ETIENNE DUPONT

14430 Victot Pontfol, Pays d'Auge, France

Etienne Dupont has been in charge of the Domain since 1980, when he took over from his father Louis and his grand father Jules. He has improved the old orchards and has planted a further ten hectares of small standard apple trees. Together, there are 27 hectares of typical varieties, that is to say 6000 apple trees, for the production of Cider, Pommeau and Calvados.

Etienne went to Cognac to learn the art of double distillation and worked in close partnership with an oenologist. From the picking of the apples to the final ageing of the Calvados, Etienne Dupont is fully committed to producing the best quality. Quality always comes first, often at the expense of the yield.

E. Dupont Jus de Pomme Petillant

Jus de Pomme Pétillant (Sparkling Apple Juice) is 100% natural apple juice, without added sugar, preservative or colouring. It is a healthy elegant drink, for young and less young alike.

The apples are simply mixed, crushed and pressed, slowly and delicately so that the juice retains all the flavour and goodness of the apple. The juice is then clarified, pasteurised and carbonated. No sugar is added.

Unopened, the bottle can be kept for up to 2 years at room temperature. Once open, keep cold and drink within a few days.

Service: When to drink it? At any time. At tea time. Perfect for birthdays parties and teas.
