#### KIUCHI BREWERY - WHERE HERITAGE MEETS INNOVATION

Hitachino Nest is famous for its sophisticated, well-balanced beer brewed based on substantial backbone of Kiuchi family's heritage.

Established in 1823, Kiuchi is known as a premium Japanese sake brewery, and their passion and craft have been passed down within the family for eight generations.

Kiuchi Brewery has been distilling whisky since 2016 with the aim to break the boundaries of Japanese Craft Whisky. This year, Kiuchi is releasing "Hitachino Highball". Using the pure water of Hitachino and the unique aromas and flavors of Kiuchi's matured whisky, to present a bold yet crisp version of the popular Japanese alcoholic beverage.
